

SUPPORT THE HELEN HAYES HOSPITAL VOLUNTEER CORPS

The Helen Hayes Hospital Volunteer Corps is a small group of volunteers that supports Helen Hayes Hospital and its patients. Volunteers donate their time and talent to countless hospital events and patient services and raise funds to support hospital programming and the purchase of beneficial equipment and state-of-the-art rehabilitation technology.

Recent contributions by the HHH Volunteer Corps include: Funds to support sports and recreation activities through the hospital's Adaptive Sports & Recreation Program; the purchase of state-of-the-art, video-monitoring and gait analysis equipment for the AlterG Antigravity treadmill; funding for the hospital's Performing Arts Series; the installation of a 24-hour C.A.R.E. Channel in patient rooms to support and comfort our patients; and much more.

As a 501c3 non-profit organization, the Volunteer Corps depends on donations to fund its initiatives. Please consider contributing so that the Volunteer Corps may continue its commitment to Helen Hayes Hospital patients. No donation is too small. Every donation is appreciated and used wisely.
