

Financial Assistance/Charity Care Policy

Helen Hayes Hospital (HHH) is committed to providing several forms of financial assistance to qualified uninsured or underinsured patients who received medical services at HHH and reside in the HHH primary service area, which includes New York State counties of Rockland, Orange, Putnam and Westchester. Financial assistance includes a range of benefits from free/charity care, stratified discounted care, to assistance with insurance obligations. Consistent with our mission and State and Federal requirements, HHH strives to ensure that the financial capacity of people who need health care services does not prevent them from seeking or receiving care.
