

## Inpatient Rehabilitation Pulmonary Patient Outcomes 2021

Located in New York's Hudson River Valley, Helen Hayes Hospital primarily serves patients from throughout the New York Metropolitan region and also attracts patients from across the country.

In 2021, the hospital treated 1037 inpatients, who ranged in age from 15 - 97.

Patients with lung disorders including COPD, emphysema, and cystic fibrosis, as well as those recuperating from lung surgery, can all benefit from rehabilitation.

### Pulmonary Rehabilitation goals include:

- ▶ Increased functional capacity
- ▶ Decreased shortness of breath
- ▶ Reduced hospitalizations

### INPATIENT PULMONARY OUTCOMES AT HELEN HAYES HOSPITAL 2021

Average Length of Stay (Days) <sup>1</sup>	11
Discharge to Community (%)	90
Case Mix Index <sup>2</sup>	1.26

<sup>1</sup> Average length of stay for 2021 reflects impacts of coronavirus pandemic.

<sup>2</sup>The higher the value, the more severe the case.

Measuring up: Helen Hayes Hospital participates in the following nationally recognized databases that allow us to compare our patient outcomes against other facilities, both regionally and nationally:

**eRehabData** – measures the patient's functional gains during their acute rehabilitation hospitalization

**Press Ganey** – measures and tracks patient satisfaction with hospital facilities, programs, services, and staff

## Patient Satisfaction Score

1-888-70-REHAB ext 4535

### Tours are provided

Monday through Friday

By appointment: 845-786-4233

### Outpatient Appointments

845-786-4194

## Our interdisciplinary team approach to rehabilitation

and depth of medical, nursing, and therapeutic care, paired with the most cutting-edge rehab technology, allows us to admit patients sooner in their recovery. All patients receive a minimum of three hours of therapy daily, allowing them to make functional gains at an accelerated rate.

“...The sincerity of every member of your staff, who understood what we were going through, was overwhelming. In a perfect world, all health care would be modeled after your hospital. Our family cannot thank you enough!”

One of the country's very first specialty physical rehabilitation facilities.

**Helen Hayes Hospital** has a well-earned reputation of excellence in rehabilitation medicine. For over 121 years, we have excelled in providing the medical, nursing, and therapeutic care patients need to rebuild their lives following catastrophic injuries, debilitating surgeries, and chronic disabling illnesses. Paired with state-of-the-art equipment and technology, this expertise enables our patients to move on to active and productive lives and return to work, school, and home.
